19 visitors signed the Visitors Record Book

**Board Member Reports and Comments****Comments of Mrs. Dabbs**

Mrs. Dabbs thanked everyone for attending the meeting. Attended many of the year end events including the East Whittier Middle School promotion where she was able to shake the hands of the 200 8<sup>th</sup> graders. She spoke about looking into the eyes of the kids and it took her back to her time when she was an 8<sup>th</sup> grader and the fears and feelings about going to high school. It is so emotional. Congratulated all the promoting 8<sup>th</sup> graders. These students will be building a bridge from where they have been and where they are going. It was so beautiful to see the support they receive from the parents. Attended Open Houses for La Colima, Evergreen and Leffingwell and they were amazing. Also attended the East Whittier Middle School Art show and saw the art that was done by Mr. and Mrs. Aparicio's child. It was really cool to see. Attended the meet and greet for Janice Hahn. They were there to advocate for our District. Again building bridges and making connections with folks that can really impact the District, and folks that might be able to support us to bring necessary resources and funding to our District. It is important to do that with a Supervisor like Janice Hahn that really holds the purse strings to millions of dollars. Those actions that we are taking are important and may have an impact on our District. Attended the May revise conference and thanked Mr. Hernandez for taking her. The May revise is where they listened to a discussion about our Governor's funding in terms of what he is going to determine what we will be receiving. There was very important information shared. Do your due diligence and google Governor Newsom and see where he stands on particular issues that are important. He is not Jerry Brown who was a very budget oriented clean guy in terms of budget. We were told that Governor Newsom is not. He is not as structured as Jerry Brown was. Whether you liked him or not he was a man who knew what he wanted to do. Governor Newsom is not that same kind of Governor so be sure that you kind of keep an eye on our local politics here in the State of California to see the kinds of things that Governor Newsom is proposing to do or not to for our K-12 Districts and for us K-8.

**CITIZEN OVERSIGHT COMMITTEE BOND****VISITORS****BOARD REPORTS AND COMMENTS**

She also was able to attend the Engage East Whittier which was a beautiful event and thanked the staff for everything they did to promote that and take it forward. It was such a wonderful time to meet with community members, talk with them, engage with them and hear the kinds of things they think we are doing and we were able to share with them the kinds of things we hope they can do with us to help build relationships. Attended the Lion King at Ocean View which was amazing and extraordinary. The talent that the kids have is just amazing. Her passion is music and the arts so to hear these children sing and perform is just extraordinary. Mrs. Dabbs spoke about Mr. Silva at Granada. She gave a lot of props to him after attending his music program at the Ritz Garden. The beautiful awards made her feel transported to a beautiful place in Paris. The work that was done by the parents, PTA, the supportive parents of the Band and Orchestra was extraordinary. We have amazing students doing amazing things at Granada and that is because of the parents and the support to their children and to the teachers there but ultimately also to Mr. Silva. If you do not know him she suggests you get to know him. He is just an amazing guy and the heart of this man is amazing. To see the kinds of things he is doing with those students touches and pulls her heart strings. Thanked Mr. Silva for everything he has done for the children at Granada Middle School.

#### Comments of Mrs. Chacon Kennedy

No Comment

#### Comments of Mr. Aparicio

Mr. Aparicio spoke about the many events he attended, and also Engage East Whittier which was a fun event. Was able to attend the last Open Houses at Evergreen and Leffingwell. Attended the Ocean View carnival, the East Whittier Art show, met with Janice Hahn along with some other Board Members and City Council, East Whittier Fun day helping out with ice cream etc. Also went to the Ocean View Donuts with Dads and Granada promotion. Mr. Aparicio congratulated Mrs. Fierro for being the Teacher of the Year. She is an awesome teacher. Thanked her for all she does.

#### Comments of Mr. Elbling

Mr. Elbling thanked the parents for supporting their students and schools. Thanked the staff members and said for everyone to have a great summer. Summer is a great time for politics and as

adults we need to set great role models for kids to be involved, whether or not we agree or disagree it is important. There are a lot of millennials out there who don't care. It is important that they do care or that they are aware. As Mrs. Dabbs was pointing out having the connections with local politicians and attending the events in Whittier whether it is Ian Calderon, Janice Hahn, Bob Archuleta or Linda Sanchez, (who was in the District at the parent symposium) is important. Summer looks like it will be an active time in politics so have the discussions and let the kids know that it is important. Thanked everyone for all the support.

#### Comments of Mr. Urteaga

Mr. Urteaga congratulated the retirees for their service to the District. It is always nice to celebrate our retirees and everything they have done. We wish them good luck on their next step and journey in life and thanked them for their service to our students and community. Mr. Urteaga attended the Engage East Whittier and was fortunate to speak. It was nice to share a little bit about our District and really connect with the community. It is the first step into really highlighting the things we are doing in the District. It was nice to have all the pictures and billboards to showcase our schools and the things we are doing. It was a great way to reach out to the community. The next step for us is to be connected even more to those community members to bring those resources back to our District because the majority of the City is our District and it is the same kids. It was good to make connections and meet with Janice Hahn, who is the Supervisor over all of Whittier. Thanked Superintendent Patterson, Mr. Hernandez and all that were there to advocate for our District. Attended the Hillview promotion and staff did a great job. It was good to see all the excitement with the 8<sup>th</sup> graders. Attended the Kinder graduation promotion ceremony at Ceres and see his twin boys promote to 1<sup>st</sup> grade. Wished everyone a nice safe summer break. Summer is a time to recharge our batteries and get back to get ready for the new year for students, staff and teachers. Mr. Urteaga spoke about how difficult this summer will be for them. One of his sons, Isaiah is going to have some major surgery as part of his complications in a couple days. He will take all summer to recuperate. It will be a difficult next couple weeks. It is the trials and tribulations of life and journey. If any of you have had your children or a close relative that has had some medical conditions and then they have to go through surgeries and things it is tough to go through. Hope for any blessings or prayers that you have for his son Isaiah and family. He appreciates that.

**Comments of CSEA**

Michelle Ruiz, CSEA President congratulated all the employees who were honored. Ms. Ruiz spoke about the Tech Summit and the positive feedback from classified staff. She also spoke about the problems between the Nutrition Services Director and employees.

CSEA COMMENTS

**Comments of EWEA**

Kelly Sunada, EWEA President elect spoke about the last day of school and the staff work hours. She also spoke about the Tech Summit and the concern with the way the registration was sent out.

EWEA COMMENTS

**Comments of the Superintendent**

Marc Patterson

Mr. Patterson spoke about the many events that he attended, including Kindergarten celebrations, 5<sup>th</sup> grade celebrations, and East Whittier promotion. Mr. Patterson commended staff for the hundreds of hours of planning for the Engage East Whittier event with all of the things that happened behind the scenes to be able to connect with parents and the community. The event was well received. The Tech Summit was great. It was fantastic to have admin next to certificated next to classified. There were almost 250 people in attendance. What was cool was that twenty-three of the presentations were done by our staff. Teachers walking our teachers through different things that they have tried in their classrooms so it just adds the whole level of collaboration as even the Bond committee talked about the 5 Cs. Mr. Patterson was excited at one of the last sessions as he was able to sit in with Brittney Guerra and Darren Meyer as they walked through what the technology is going to be like at Ceres and Hillview over the summer. We are excited about that rollout and unveiling on August 5<sup>th</sup>.
