We ask that this page be signed by the parents/guardians and returned to the school by **Monday, September 24th**. **Please fill out one form per child and return to the office.**

We have read the Family Handbook in its entirety, discussed it with our child(ren), and accept responsibility to support all school rules, regulations and policies, both those contained in this handbook and those that are developed and exist in the day-to-day operation of the school.

Technology Contract Signature Page

Thank you for reading this technology use contract and reviewing it with your student. While this contract provides some general guidelines for responsible behavior, it cannot cover every facet and instance of technology use. As always, students should practice good judgment in any circumstance. When in doubt, students need to ask for help in making that determination. If a student violates any of these provisions, his or her access may be terminated and further access could be denied. The discipline policy of the school states that serious violations of St. Francis of Assisi School rules will result in probation, suspension, or expulsion. Inappropriate use of technology is considered to be a serious violation and will not be tolerated.

This page should be signed by you and your child and returned to school by Monday, September 24th. Please fill out one contract per child and return to the student's teacher.

The following signature indicates you have read all the terms and conditions of the St. Francis of Assisi technology contract carefully and understand their significance.

Having fully read the school's philosophy and guidelines in the Family Handbook **AVAILABLE ONLINE THROUGH RENWEB**, I give permission for my child to use the technology systems and have Internet access at school. I will support this technology contract.
