School Accountability Report Card

Reported Using Data from the 2017-18 School Year

Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018-19)

The School Accountability Report Card was established by Proposition 98, an initiative passed by California voters. As you read the Report Card, you will gain a better understanding of Hort as a school with a record for improvement, a faculty that is professionally skilled and personally committed to meeting the learning needs of students and a student body which is enthusiastic and motivated to perform well.

Hort Elementary School is located at 2301 Park Drive, and serves approximately 660 students in Transitional Kindergarten through fifth grade.

Our mission is to prepare learners emotionally, academically, socially everyday to be productive citizens.

Our vision is to ensure students achieve academic excellence, becoming life-long learners and productive citizens through a collaborative and supportive learning community.

At Hort School we believe in the worth and dignity of every individual involved in the learning process. We commit ourselves to inspire life-long learning by maximizing opportunities for each student. In partnership with parents and community, we shall strive to teach students to become successful and responsible members of society.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Credentials

Teachers	School			District
	2016-17	2017-18	2018-19	2018-19

School Facility Conditions and Planned Improvements (Most Recent Year)

Hort School was built in 1955 and modernized in 2000. It sits on 9.11 acres of which 5.3 acres is playground. This school has 34 classrooms, a multi-purpose facility, library, instructional materials center and speech room. The campus also has a staff lounge and workroom.

Bond Funds were used to replace 5 leased or aged classrooms with 6 new modular classrooms, new parent resource center, 1 pre-k classroom and 1 restroom building.

The custodial staff adheres to a weekly cleaning schedule that includes classrooms, restrooms, cafeteria and kitchen areas.

The District’s Mobile Maintenance Team visits the school site at least twice a year. Maintenance emergencies are addressed immediately. District personnel maintain the grounds at least once every two weeks.

This site also is maintained to ensure a clean, safe, and functional facility as determined pursuant to a Facility Inspection Tool developed by the State of California Office of Public School Construction.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	40.0	30.0	34.0	35.0	48.0	50.0
Mathematics (grades 3-8 and 11)	28.0	17.0	23.0	23.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

**CAASPP Test Results in ELA by Student Group

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2017-18)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	20.5	13.4	12.6

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2018-19)

Hort School starts off the day with valet service to greet every parent and student and to remind parents about upcoming events. We encourage parents to become actively involved with our Booster Club and School Site Council. Parents are encouraged to attend weekend/weekday Parent University classes, Family Nights and Parent Work Days. Parents or guardians are encouraged to volunteer in our classrooms, attend awards assemblies and Family Picnic Days. Our Family events have increased in attendance throughout the year due to better advertisement through robo calls, flyers sent home, monthly newsletters, as well as, person to person contact during valet and dismissal. The monthly newsletter, Back-to-School Night, and numerous functions are used to help keep parents involved and informed. This spring, we conducted a kindergarten orientation for parents of students who will start kindergarten in August 2018 and we provided a variety of materials and strategies to help our kindergarteners be successful in school. On the first day of school we will have an information table available to provide parents with all of the ways they can get involved at Hort. We will continue to keep our website up to date with information of upcoming events. Our goal is to increase our parent involvement by 25% this year.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

Rate	School			District			State		
	2015-16	2016-17	2017-18	2015-16	2016-17	2017-18	2015-16	2016-17	2017-18
Suspensions	2.4	1.4	3.4	3.3	2.1	2.3	3.7	3.7	3.5
Expulsions	0.0	0.0	0.0	0.1	0.2	0.1	0.1	0.1	0.1

School Safety Plan (School Year 2018-19)

Hort established its Comprehensive School Safety Plan in 1998. A law enforcement officer specializing in safety provided direction in the establishment of the School Safety Plan. Hort's School Safety Plan is current and is updated annually. Key elements of Hort's School Safety Plan include the following: (a) routine and emergency disaster procedures; (b) suspension, and expulsion procedures; (c) teacher notification of pupils with a specific discipline history; (d) child abuse reporting procedures, (e) the district's sexual harassment policy; (f) school crime data; (g) the student dress code; (h) safe entrance and exit procedures; (i) the civil defense and disaster plan; and (j) discipline rules and procedures. Our overall goal is to maintain a safe and orderly school environment conducive to learning.

D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

Average Class Size and Class Size Distribution (Elementary)

Grade Level	2015-16				2016-17				2017-18			
	Avg. Class Size	Number of Classes			Avg. Class Size	Number of Classes			Avg. Class Size	Number of Classes

Professional Development (Most Recent Three Years)

Professional development is designed to provide continuous learning opportunities for administrators, teachers, and classified personnel. Training opportunities affirm the basic philosophy of education that learning is a lifelong process that contributes to the well-being of the students, teachers, administrators, and community. Professional Development is an essential component of effective instruction and student learning.

All training revolves around identified needs of students and adults for the purpose of the improvement of instruction and increasing content knowledge. Central to all training are student achievement data, district focus areas, the Common Core State Standards, the state adopted standards-based instructional materials, and strategies to effectively teach the academic content standards to all students.

The district created professional development based on the Common Core State Standards for teachers and administrators. The modules included a Common Core overview, Mathematical Practices, Cross-Curricular/Evidence Based Writing, Text Complexity/Academic Vocabulary, including ELD standards for California. We also provided extensive professional development for Professional Learning Communities through our Service Delivery Model. On-site coaching and support is provided by academic coaches for reading/language arts, mathematics, science and writing. The district provides time and resources for collaboration, planning, and professional development. Additionally, we provided professional development on Multi-Tiered Systems of Support and Support to school and district teams.

Teachers new to the District received four days of professional development prior to the beginning of the school year focused on orientation to District and school site policies and services, Common Core State Standards, classroom management, curriculum and pacing, and setting up the classroom. Teachers in their second year with the District received two days of professional development prior to the beginning of the school year focused on best practices for improving student achievement.

New teachers with California preliminary credentials received professional development through the Beginning Teacher Support and Assessment (BTSA) program. The focus of training was in the Formative Assessment for California Teachers (FACT), California Standards for the Teaching Profession (CSTP), meeting the California Induction standards, and the California Academic Content Standards. Each beginning teacher was assigned a veteran teacher who served as a mentor. The mentors received on-going professional development in FACT, coaching strategies, and instructional techniques. Professional development was provided through individual mentoring, monthly meetings, and after-school workshops.

Intern teachers received professional development at monthly meetings focusing on the initial teaching skills of the CSTP including classroom management, lesson planning, assessment, and establishing a climate that is conducive to student achievement. Each Intern was assigned a mentor that provided day-to-day support in these areas as well as advisement toward meeting credential requirements. Mentors received monthly professional development in meeting the needs of Intern teachers. Interns also received coursework and supervision from universities partnered with BCSD to provide the Intern Program.
