SUBMIT YOUR ESSAY ON THE

Importance of Ethics and Integrity

And Win a Scholarship Up to \$1,500!

At the high school level, students begin to face ethical decisions that may impact the rest of their lives. They serve as role models whose moral compass not only guides their actions, but also influences those around them. Your Better Business Bureau (BBB) seeks to honor ethical students for doing the right thing with the Ethical Torch Essay Scholarship.

Students are often faced with ethical dilemmas in school, at work, or within their social circles. When faced with a situation or circumstance where there is a choice to be made, how will they respond?

This essay prompt challenges students to describe resolution tactics for their unique encounters with "The Importance of Ethics and Integrity in our Community." Essays should not exceed 400 words. Opportunity is open to students in grades 9 - 12, graduating classes of 2020 - 2023.

Winners will be recognized and receive their checks at the Torch Awards for Ethics awards ceremony, which takes place October 9th in California, and October 30th in Arizona. Winning students must be able to attend.
