

District (PD) Professional Development Late Start Dates:

The 2019-20 District Calendar includes 10 PD Late Start dates over the course of the school year. Late start days provide opportunities for the educators to work in teams to ensure that consistent, high-quality instructional practices are shared and modeled among all educators. This collaboration time will allow our educators to analyze student data and individual student progress, curriculum and assessments to better adjust teaching practices to meet individual needs. Our staff desires to be the very best for each student and in order to meet the diverse learning needs each day, our teachers must have time to collaborate.
