## TSP Academy Vision

The Total Soccer Player Academy was founded at Sullivan South High School in Kingsport Tennessee in 2002 with the concept of bringing a collegiate camp experience to serious soccer

players at a fraction of the price. The players will receive the same hands on guidance and attention to detail that they would at a college camp through a similar staff and curriculum. Each player will receive a T-shirt and Ball at no extra charge. TSP has partnered with Soccer.com to provide the best training gear and equipment to enhance the experience.

## Tactical Training

Tactical sessions focus on the advanced tactics that are a must at a competitive level. Sessions include: Transition, team shape, creating space, decision making, and more. There will be a strong emphasis on attacking and defending roles within the team's shape.

## Lecture Series

Each afternoon, the academy staff will present a lecture directed at topics that are essential for the serious soccer player. Lectures include: Attacking Tactics, Defending Tactics, Sports Physiology/Psychology of the Game, and College Recruiting and Preparation.

## Technical Training

Morning sessions focus the fundamental technical skills needed to become an elite player. The technical sessions for TSP in 2019 include: Passing, finishing, receiving and turning, heading, dribbling, and more.

## Match Play/All-Star Games

Local college coaches will be invited to attend match play. The game is the greatest teacher and there will be multiple match play scenarios daily with on-field instruction during these from our staff.

## Goalkeeper Specific Training

Goalkeepers will receive specific instruction during technical sessions. GK training ranges from technical demands to organizing the Backline of the defense.
