When do clubs meet?

All clubs meet after school, as planned by the sponsors.

How do I get involved?

Choose a club that interests you and then e-mail the sponsor, or just attend a meeting. You can find more information about each club in this brochure.

What are the benefits of joining clubs?

You get to explore your interests with other like-minded individuals and perhaps make some new friends. Also, it looks good on your college resume by showing admission officers that you are responsible and able to balance your education in addition to school activities.
