Easter Egg Tips

- Wash your hands thoroughly with hot soapy water and rinse them before handling the eggs when cooking, cooling, dyeing and hiding them.
- Be sure and inspect the eggs before purchasing them, making sure they are not dirty or cracked. Dangerous bacteria may enter a cracked egg.
- Make sure you find all the eggs you've hidden and then refrigerate them. Discard cracked eggs.
- As long as the eggs are NOT out of refrigeration over two hours, they will be safe to eat.

Mon	Tue	Wed	Thu	Fri
