## HOW TO GET A PAIRING CODE?

Your student must login to Canvas then go to 'account' and 'settings'

Once in 'settings', on the right side of the page they will see this:

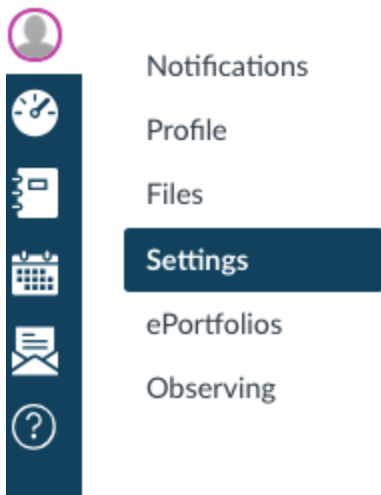

Clicking 'pair with Observer' will generate a code that you can now enter under 'student pairing code'. See next page for how to add additional students.

**Remember to check the email you signed up with to verify your account.**

## ADDING AN ADDITIONAL STUDENT:

Go to account settings in your Canvas account.

Click 'Observing'. There you will see the student(s) you are already observing and be able to enter another pairing code for an additional student.

Email [hillary.daniels@pcsed.org](mailto:hillary.daniels@pcsed.org) with any questions.
