

Manhattan Beach Unified School District

To everyone affected by the events of  
October 1, 2017, you have our support and friendship.

*Today we solemnly remember the victims and survivors of the Las Vegas Route 91 Festival shooting, including MBUSD teachers, principals, staff members and parents. We admire the strength and the spirit with which you have supported each other during this last year.*

*Along with family and friends, our community continues to grieve the loss of MBPD employee Rachael Parker and MBMS teacher Sandy Casey, two of the 58 people who lost their lives that night. Rachael was a beloved part of the MBPD team and Sandy was a special and gifted educator whose impact on students and colleagues leaves an indelible mark in our minds and hearts. On October 17, a permanent bench will be dedicated at MBMS in Ms. Casey's memory.*
