Pietrini Elementary School's Monthly Parent Newsletter

September 2019

Social Emotional Learning

In addition to math, reading, writing, science & social studies, we also focus on Social Emotional Learning at Pietrini. Each month we have an all school monthly focus, that teachers and students discuss during their class meetings. For the month of we are focusing on *Organizational Skills and Self-Advocacy*.

Help support your child with their organizational skills by having a specific place they share papers with you, and having them place their homework in their folder right after it's finished! Encourage your students to advocate for themselves by acknowledging what they need to help them when they are feeling upset, silly, frustrated, or sad.

Students of the Month

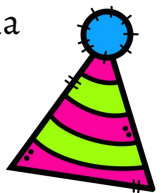

Each month we recognize students who do an outstanding job of following our Patriot Principles of Be Respectful, Be Respectful, & Be Ready. You can learn more about these students through their interviews on our Wall of Fame!

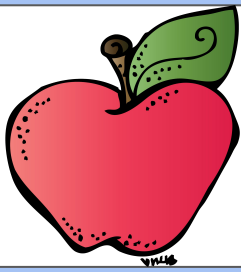

August Students of the Month:

- Sophia Colunga
- Mariana Acosta
- Alex McKenzie
