CHESS CLASS QUESTIONS TO: info@chessplayer.com

The Game of Chess is not merely an idle amusement; several very valuable qualities of the mind, useful in the course of human life, are to be acquired and strengthened by it, so as to become habits ready on all occasions; for life is a kind of Chess, in which we have often points to gain, and competitors or adversaries to contend with ...
By playing at Chess then, we may learn:

- 1st, Foresight, which looks a little into futurity...
- 2nd, Circumspection, which surveys scene of action: - ...
- 3rd, Caution, not to make our moves too hastily.
