## Medical Statement for Children with Special Dietary Needs

Each special dietary request must be supported by a medical statement which explains the food substitution that is requested. It must be signed by a recognized medical authority. The statement must include:

- Identification of the medical condition which restricts the diet
- The food or foods to be omitted from the child’s diet
- A list of allowable food substitution

Please contact the Food Service Director if your child is in need of a special diet. Gluten-Free meals will only be made upon request. Procedures for requesting meals will be explained at that time.
