

BOARD MEETING HIGHLIGHTS NOVEMBER 7TH, 2018

BOARD MEETING UPDATE ON LOCAL INDICATORS

The State Board of Education (SBE) approved standards for the local indicators that support local educational agencies (LEAs) in measuring and reporting their progress within the appropriate priority area. For each local indicator, the approved standard includes:

1. Measuring LEA progress on the local indicator based on locally available information, and
2. Reporting the results to the LEA's local governing board at a regularly scheduled meeting of the local governing board and to stakeholders and the public through the Dashboard.

"Meeting these local indicators is a critical step to ensure that we continue to exceed the goals articulated in our Promise of Excellence Strategic Plan."

*- Silvia San Martin
Director of Elementary Education*

For each applicable local indicator, LEAs assign one of three performance levels:

- Met
- Not Met
- Not Met for Two or More Years

LEAs make the determination for each applicable local indicator by using self-reflection tools to measure and report their progress through the Dashboard. The collection and reflection on locally available information relevant to progress on local priority areas will support LEAs in local planning and improvement efforts.
