Fun Fact about Martin Luther King Jr.

Martin Luther King, Jr. was a civil rights activist in the 1950s and 1960s. He led non-violent protests to fight for the rights of all people including African Americans. He hoped that America and the world could become a colorblind society where race would not impact a person's civil rights. He is considered one of the great orators of modern times, and his speeches still inspire many to this day.
