Roll Call

Agenda Approved

The board previously established focus areas and aligned resources to the focus areas. At the June meeting, the board spends time looking at the data from one of the focus areas. Data is presented to the board by the elementary principals quarterly that provide evidence towards reaching that focus area goal. This meeting focused on the area of ensuring ninety percent of second-grade students will be reading at their grade level by the end of second grade. The board was presented with data that reflects the number of second graders meeting this goal. The goal has three data points to include a fluency level based on the grade level fluency proficiency scale, an external reading benchmark measure provided by Aimsweb and the end of unit 4 common formative assessment. The board also looked at the data that indicated what percentage of first graders were also reading at grade level using similar assessments.

Reading Goal Review

There being no further business to come before the board, Director Jansen moved to adjourn. Director Pearson seconded. The meeting was adjourned at 6:02 p.m.
