Jacksonville ISD Inclement Weather Policy

During bad weather, we make every attempt to assess the road conditions and notify staff and students as early as possible. Every effort is made to make a final decision either the night before, or by 5:30 a.m. the morning of a bad weather environment.

Please keep in mind that JISD will not send out notifications to confirm school is in session. Parents, employees and students should assume a normal school day unless otherwise notified.

The district will use several communication tools to notify students, parents, and staff. The SchoolMessenger automated system will be utilized to text, email, and call in the event of a delay or school closure. This is why it is extremely important to update any phone numbers or email addresses if a change should occur. To do so, please contact the registrar on your child's campus. Also, if you have not "opted in" to receive text messages, please do so by texting **Y** to **67587** from your cell phone.

JISD will post any important information on JISD's website (jisd.org), JISD's Facebook page (facebook.com/JacksonvilleISD), JISD's Instagram page ([@fightinindian](https://instagram.com/@fightinindian)), and Twitter ([@jville_isd](https://twitter.com/@jville_isd)). We will also notify local television and radio outlets.

Please do not rely solely on a phone message from the district. The first communication outlets to post will be JISD's Facebook, Instagram, and Twitter pages, due to information being posted immediately. The website and schoolmessenger system are the second wave of communication, and radio and network updates are typically the last (because of the lag time between information being sent and when it is posted). If you have internet access, the district's Facebook and Instagram accounts are the quickest, most efficient way to find information on school closings or emergencies.

Thank you and we appreciate your support.
