

McAllen ISD Exemption Regulation

PURPOSE	<p>The purpose of the exemption regulation is to motivate students to maintain passing grades and attend school on a regular basis. Students who have passing grades and attend school regularly are better prepared students.</p>
EXEMPTIONS FROM FINAL EXAMINATIONS	<p>Semester examinations shall be scheduled in all high school courses. Grade qualifications, absence standards, and the number and type of courses considered for exemption from semester examinations vary by grade level; however, high school students (grades 9-12) must qualify for exemptions in one or more classes each semester. A student qualifying for an exemption may elect or may be directed by a parent to take a semester examination in any course.</p> <p>A student must have performed satisfactorily throughout the semester which results in a high end of term grade. This type of exemption acknowledges our students' academic achievement in their daily assignments, unit tests, projects, six weeks' exams, school benchmarks, class participation and daily attendance.</p> <p>Exemptions are based on semester grades and attendance, on a class-by-class basis. Semester examinations shall be scheduled in all high school courses. Students must abide by grade qualifications and absence standards. The number and type of courses considered for semester exemptions will vary from grade level to grade level. All students will be exempt from final examinations if criteria is met.</p>
