

Approval of Position:

Middle School Course code: 0835

This course meets the requirements set forth by grant “Blueprints for Learning”. This grant encompasses a curriculum of life skills training for the students in grades 6-8. This curriculum will teach abstinence of drugs, alcohol, sex, etc. It also includes socialization skills, how to build positive relationships, finances, and assists students on ways to set goals for future success. This curriculum will also be mesh with the following curriculums: “Michigan Model” and “EverFi” (both are health and wellness curriculums).

“Michigan Model” is a health curriculum that teaches student about their bodies, their health, and ways to maintain a healthy life as they get older.

“EverFi” is an online course life skills supplemental curriculum that builds upon self-esteem, abstinence, goal setting, as well as issues that occur in their daily lives. It helps students adapt to situations and provides scenarios on what they should and should not do in certain situations.

High School Course Code: 3017 (English Language Arts) and 3121 (Math)

This course meets the requirements set forth by the state on the first year implementation of RTI in High Schools across the state of Tennessee. Interventions will be provided for students who qualify for Tier III in English Language Arts and Math. It is highly recommended by the state that this RTI interventionist hold a special education endorsement.
