**Summary Statement:** Please provide a brief description for how the analyzed data will impact your Inquiry and Action Planning process.

## Positive Trends:

-The percentage of students meeting proficiency in Reading were consistent in grades 3-5 on SBAC for 16-17 school year. Teachers will improve their Tier 1 instruction to be more consistent in delivering standard based instruction. Teachers will continue to provide daily systematic interventions for all Tier 2 and Tier 3 students.

## Areas of Concern:

-The percent of proficient students in the area of Math was x%. Teachers have not been effectively or consistently pulling Math intervention groups for students who are Tier 2 and Tier 3 in Math. School has implemented a Math Intervention program which provides differentiated instruction for students at their instructional level. Teachers need further collaboration and training on how to unwrap and supplement the Math NVACS.

-The percent of proficient students in the area of Reading was x% in 2016-2017. Teachers need continued training on unwrapping the NVACS and differentiating instruction which was targeted to specific students skill deficits based on data. Teachers need to consistently provide more high quality Tier 1 instruction.

## iReady Assessments:

iReady was implemented this year (2016-2017).

Students who are on grade level for the first benchmark:Math- K-5%, 1-4%, 2-8%, 3-10%, 4-16%, 5-12%

Students who are on grade level for the first benchmark:Reading- K-7%, 1-13%, 2-23%, 3-37%, 4-22%, 5-13%

AIMSweb: 50th percentile or higher (green)- Fall benchmark

1st grade-63%

2nd grade-65%

3rd grade-64%

4th grade-48%

5th grade-53.6%

#### Demographics

Total enrollment at Beckley has increased slightly from 850 students in 2015-2016 to 910 students in November 2016. Beckley ES has changed from a 9 month schedule to a year-round schedule in the 2015-2016 school year. Beckley has a high ELL student population( over 50%). This indicates an increased need to provide instruction specifically designed to address the diverse learning needs of our students who are learning English as a second language. Beckley became a ZOOM school in 2016-2017 with a focus on supporting our ELL population.

#### Parent Engagement

Beckley has multiple parent engagement activities that produce a large amount of parents attending. We have 3 parent members on our School Organizational Team.

#### Miscellaneous

Since 2008, attendance at parent/teacher conferences each year has been 98% or higher.

Average daily attendance at Beckley ES (95.6%) is higher than the district average daily attendance (94.7%).

**Priority Need/Goal 1:**

Increase Grade 3 proficiency rates in reading.

**Root Causes:**

Teachers did not consistently expose students to high quality tier 1 instruction using higher Depth of Knowledge (DOK) questioning, engagement strategies, and ELL strategies. Teachers also did not consistently use data to differentiate instruction for students receiving Tier 1 or Tier 2 instruction. Teachers were inconsistent in implementing standard-based instruction.

**Measurable Objective 1:**

Increase the percent of 3rd grade students proficient in reading from x% to y% by 2018 as measured by state assessments.

**Measurable Objective 2:**

Increase the percent of 4th grade students proficient in reading from x% to y% by 2018 as measured by state assessments.

**Measurable Objective 3:**

Increase the percent of 5th grade students proficient in reading from x% to y% by 2018 as measured by state assessments.

**Priority Need/Goal 2:**

Reduce the overall achievement gap percentage points between highest performing and ethnic/racial subgroups in both reading and math.

**Root Causes:**

Teachers did not consistently teach to mastery in grade level curriculum during Tier 1 math and reading instruction. Teachers are not proficient in differentiated small group instruction in Math and Reading Tier I. Teachers need to understand, teach, and assess students' proficiency in the Math and Reading NVACS. There is a need for more parent and teacher collaboration. There is a need for ELL strategies and engagement strategies.

**Measurable Objective 1:**

Increase the percentage of 3rd grade ELs who are on or above grade level in reading, as measured by end of year assessments, from x% to y% by June 2018.

**Measurable Objective 2:**

Increase the percentage of K-2 ELs who are on or above grade level in reading, as measured by iReady, from x% to y% by June 2018. Increase the percentage of K-5 students who are on or above grade level in math, as measured by iReady, from x% to y% by June 2018.

**Measurable Objective 3:**

Increase the percent of ELs meeting AGP, as measured by ELPA, from x% to y% by June 2018.

**Measurable Objective 4:**

Reduce the math proficiency gap between the District's highest performing subgroup and lower performing ethnic/racial supergroup from x to y by 2018 as measured by state assessments.

**Measurable Objective 5:**

Reduce the reading proficiency gap between the District's highest performing subgroup and lower performing ethnic/racial supergroup from x% to y% by 2018 as measured by state assessments.
