Dear Parent/Guardian:

The San Gabriel Unified School District does not carry medical or dental insurance for students injured on school premises while under school jurisdiction or while participating in school district activities. For these reasons the school district has arranged a student accident insurance program for your review and consideration. The following is a cost summary of the student accident insurance available. For more information on plan benefits, please see the enclosed application.

- 1) School-Time Plan: Covers injuries caused by accidents occurring at school during the school day.

<u>Cost:</u>	High Option:	\$43.00	Mid Option:	\$28.00	Low Option:	\$15.00
--------------	--------------	---------	-------------	---------	-------------	---------

- 2) 24-Hour Plan: Covers injuries caused by accidents occurring anytime (24-hours a day).

<u>Cost:</u>	High Option:	\$210.00	Mid Option:	\$108.00	Low Option:	\$83.00
--------------	--------------	----------	-------------	----------	-------------	---------

- 3) Tackle Football Plan: Covers injuries caused by accidents occurring while participating in interscholastic tackle football.

<u>Cost:</u>	High Option:	\$215.00	Mid Option:	\$115.00	Low Option:	\$88.00
--------------	--------------	----------	-------------	----------	-------------	---------

While participation in these insurance plans is voluntary, we urge you to consider the benefits. Approved claims will be paid on a primary basis for all school-time and 24-hour injuries, except for tackle football, which will be paid on an excess basis. Although you may already have medical insurance for your family, purchase of this additional coverage could assist you in paying deductibles and balances left after your primary carrier has paid.

The application process will now be done online and will allow parents to safely and securely transmit applications through one of the following:

P. S. While this insurance program is voluntary, you should be aware that State Law requires that any student wishing to participate in interscholastic athletics must have adequate medical insurance prior to being allowed to participate.
