

It's Back to School Sign Up time! We can't wait to welcome students soon!

All families should have received the **neon pink envelope** from HPISD that contains all you need to know to successfully register your child/children for the 2018-2019 school year.

We encourage parents to register online as soon as possible as it makes the transition back to school simpler and faster for everyone.

If you did not receive the bright pink envelope you can access the registration link by going to www.hpisd.org and click the "back to school sign up" link found on the home page. Log in and follow the directions on the series of forms. Your log in is the same as your skyward family access login. If additional help is needed with this process you can contact the help desk at 214.780.4040 beginning at 9am on August 2.

As you register **each** child, please remember that we are hoping to have **100% participation** for Raider Challenge this year!

We need to raise \$1,518,750 to fund our campus needs for the 2018-2019 school year.

If EVERY family gives \$675 PER STUDENT, we will reach our goal.

This goal will cover 100% of our needs for the upcoming school year and ensure our students continue to learn and grow in an environment and with the tools that inspire excellence.

Raider Challenge Participation Tips:

If you have more than one child to register at MIS/HPMS, you can make your donation separately by selecting the amount each time OR you can combine your donation under the first child you register (2 x \$675 = \$1,350) (3 x \$675 = \$2,025) and we will sort it out on our end to be sure each child receive any benefits associated with donor levels. And, you can always do a custom donation amount, too!

Donor Levels/Special Sponsorship Opportunities have been updated since last year and are attached to this email for your reference. Beginning at the \$675 donor level and increasing...we appreciate your support at any level! We are offering ways for businesses to support our school, too! You can learn more at www.raiderchallenge.com

Company Matching: If you work for a company that will match your donation to Raider Challenge, please include that information during registration and we will follow up with them to collect the funds. This is an easy way to get the school more necessary financial support. Also, their match will combine with your family donation and increase your donor participation level.

Our students deserve our continued support and if each family meets - or exceeds - the request of Raider Challenge, that support will be felt at MIS/HPMS this school year!

Thank you and please contact the Raider Challenge Chairs or PTA Presidents with any questions.
