

# Lombard District 44 Middle School Breakfast and Lunch Information 2018-19

Several options are available for your student at the middle school beginning the first full day of school. They include:

- Breakfast will be available each morning before school begins. The cost of the meal, which includes milk, is \$1.75. Items will also be available as a la carte.
- A complete hot lunch including milk
- A sandwich/deli bar
- Specialty salads & soups
- A specialty area (this may include one of the following: pasta bar, taco bar, breakfast bar, etc.)
- A la carte menu including hot dogs, hamburgers, pizza, and french fries.
- Snack area – this includes hot pretzels, bags of chips, snack cakes, ice cream, etc.
- Several drink options – milk and juice-type drinks
- Monthly menus are available on the district website which is [www.sd44.org](http://www.sd44.org) > Parents > Food Service/Lunch Menus

At the middle school, your student has the option of paying cash daily for his/her lunch or breakfast or utilizing the computerized point of sale debit card system. In the debit card system, the student's ID number will identify their account and a picture of the student will appear upon purchase to help ensure safety and proper identification. Parents must deposit money and maintain a positive balance in their child's account. You may deposit enough to cover lunch expenses for one week, two weeks, a month, yearly, etc. Deposits must be made prior to your child using this account since this is a debit system, and whenever your child makes a purchase the cost is deducted from his/her account. Therefore, if your child wishes to purchase lunch on the first day of school, there must be a positive balance in the account.

**Please Note: If your child has a negative balance, he/she will not be allowed to purchase any items until money is in his/her account.** Charges will not continue to be charged to a negative account. With the debit card system, the cashier will inform your student when their balance gets low. **When paying by check, only send checks payable to Lombard District 44.**

Another option for payment is to go to **myschoolbucks.com** and sign up to make deposits using your credit card or automatic payments from your checking account. For more information on [myschoolbucks.com](http://myschoolbucks.com), please visit the site. You may also contact the cafeteria office (630-827-4594) at any time to inquire about your student's balance.

This year's hot lunch will cost \$3.00 per meal, milk will cost \$.50 each and a la carte items will be variably priced.

If more information is needed about the lunch program, we will be happy to help in any way possible. Please feel free to contact the cafeteria office (630-827-4594) or the Administration Center (630-827-4421) if you have any questions.
