### Message from the Principal:

May 2018

Dear Bailey Parents,

The time has come again to present our **2017 School Profile Report** from the Office of Educational Quality and Accountability. The information on this report is from the 2016-2017 school year. As always, I encourage parents and the community to review our performance. *Again, please note that this information is reflective of the 2016-2017 school year, not this current school year.*

Our students excel by working hard and applying themselves. We are extremely proud of them and our teachers for their continuous efforts! We are excited to report that our students continue to make great strides in their academic success. This report reads: *This year's report is different than those of past years because the state of Oklahoma adopted much higher performance standards in 2017. The test results are therefore not comparable to those from previous years.*

Last year's scores are considered part of a benchmarking year, a reset to the bar if you will. I am pleased to share that our students have yet again worked hard and represented their academic abilities well. Additionally, our students have exceeded State proficiency levels in all our tested grades here at Bailey.

Standards and measures continue to be redefined and revised here in Oklahoma. As we move forward, our teachers will continue to do "what's best for kids," by engaging them, exciting them, and encouraging them. We will continue to adjust our practices to best meet our students' needs to better prepare them for a future that is bright.

In addition to our students' diligence, our students succeed because of the heart and drive of our teachers, and the terrific parents who are backing our students every single day. We treasure and appreciate your partnership as we prepare our kids for both today and tomorrow! As always, **THANK YOU** for your continued support of our school, our students, and our staff. Bailey Elementary is the proud product of the tremendous support and efforts of our students, parents, teachers, and community.

We will kick off the 2018-2019 school year on Thursday, August 16<sup>th</sup>.

From all of us here at Bailey, we wish all of our families a fun and safe summer holiday!

To the successful years to come...

Ashley Hearn  
Principal
