FACILITY LICENSE GUIDELINES

Revised March 2018

The Coal City Community Unit District No. 1 School Board has adopted a policy of permitting community groups to use school facilities. The School Board reserves the right to control and supervise such use, and grant permission as it deems appropriate in its sole discretion. No person, group, organization or firm shall have any vested right to use school facilities.

Permission to use school facilities will be contingent on the following factors:

- use which is consistent with the public welfare and the purposes of the District;
- use which promotes benefit to District residents;
- use which in no way might result in damage to District property or physical danger to District students or personnel;
- use which is consistent with the administrative procedures of the District and the laws and regulations of the State of Illinois;
- use which in no way is intended to further any program or movement whose purpose is to accomplish the overthrow of the government of the United States or of the state by force, violence or other unlawful means.

Categories of users for the purposes of establishing priority have been established, and are as follows:

1. In-District Organizations with open participation policies
2. All other groups. (i.e. club, travel organizations)

In scheduling the use of facilities and properties, activities associated with the District educational program shall have priority over the activities of any other organization. Confirmation of Category 1 and 2 organizations may be withheld until completion of the school calendar. The highest priority will be given for usage by Category 1 groups. Groups in the same category shall be decided on a first-come, first-served basis at the sole discretion of the School District. Applications will be accepted no earlier than July 1st of the school year in which use of the facility is being requested. In the event two organizations in the same category submit their application for use on the same day and the events requested for use conflict, a lottery drawing will be held to determine which organization takes precedence.

As a condition of District facilities use by community organizations, the organization shall indemnify and hold harmless the District, its agents and employees from and against any and all loss, cost including attorney's fees, damages, expense and liability including statutory liability and liability under workmen's compensation laws in connection with claims for damages as a result of injury or death of any person or property damage to any property which arises from or in any manner grows out of the use of the District's facilities by the organization, its partners, members, agents, employees, customers, invitees, contractors and subcontractors. The School Board requires that the organization supply written proof that it maintains adequate insurance coverage against personal injury and/or property loss.

Application for use of facilities must be submitted at least 45 days in advance, stating fully:

1. The purpose for which the school facility is to be used;
2. The materials to be brought into or near the building;
3. The arrangement of the rooms or furniture, including decorations;
4. The charges to be paid to participate or attend;
5. Any other information requested on the form, and any other information requested by District personnel.

Regulations on the use of school premises:

- Organizations using school facilities shall at all times provide adequate adult supervision to insure proper care of and use of school property.
- A regular school custodian and/or other school personnel, as may be required at the School District's sole discretion, shall be present and in authority over school property while the property is being used for anything other than school purposes.
- All applications for use will be issued for specific areas and specific hours. It shall be the responsibility of the organization or individual to see that unauthorized portions of the District facilities are not used or trespassed upon and that the premises are vacated as scheduled.
- The District shall not be liable for personal property that is lost or stolen.
- Any use of the school's facilities shall not interfere with the school district's scheduled activities.

No person on school premises shall:

1. Injure, threaten, harass, or intimidate any other person;
2. Fight, or otherwise strike or threaten any other person;
3. Damage the property of the School District or another person;
4. Violate any provision of the criminal law of the State of Illinois or a municipal ordinance;
5. Smoke or otherwise use tobacco products;
6. Consume, possess, or distribute alcoholic beverages, controlled substances, or illegal drugs;
7. Possess a weapon or object that could reasonably be considered a weapon or that looks like a weapon;
8. Use vulgar, obscene or profane language;
9. Impede, delay, disrupt, or otherwise interfere with any school activity or function (including using cellular phones in a disruptive manner);
10. Enter upon any portion of school premises at any time for purposes other than those that are lawful and authorized by the School Board;
11. Operate a motor vehicle (a) in a risky manner, (b) in excess of 20 miles per hour, (c) in violation of an authorized District employee's directive; or (d) under the influence of alcohol or drugs;
12. Willfully violate other District rules and regulations, or an authorized District employee's directive or authority.

Coal City Community Unit District No. 1 reserves the right to remove objectionable persons and property from the premises.

State law prohibits a child sex offender from being present on school property or loitering within 500 feet of school property. Any staff member may request identification from any person on school grounds or in any school building. Refusal to provide such information is a criminal act. The Building Principal or designee shall seek the immediate removal of any person who refuses to provide requested identification. As circumstances warrant, the Superintendent or designee shall take appropriate action to enforce this policy including requesting the person to immediately leave school property, contacting law enforcement, and denying future admission to events or meetings.

The School Board may rebate any fee paid or may suspend or cancel any permit granted as it sees fit, for violation of any of the above regulations.
