MBA Pathway you are applying for: (Circle One) Business Management Culinary & Hospitality

I understand that my student _____ is applying for the Mustang Business Academy at Yorba Linda High School. I have read, with my student, the application process and requirements. We understand that all required documents must be submitted by the deadline of February 15th 2019 in order for the application to be reviewed. A completed application does not guarantee acceptance to the pathway. Should the number of students who meet the entrance requirements exceed the number of students that can be accepted, a lottery will take place to determine the students admitted into the program. Students that are accepted to either pathway will need to enroll in summer school Health and Careers course in order to register for the introductory course their first year of the program. **Our signatures acknowledge that we have read and understand the admission process and that the applicant has completed the application prompts on their own.**

Student Signature _____ **Date** _____
