

PARENT SCHOOL INVOLVEMENT (PSI) HOURS

Parent School Involvement (PSI) is an opportunity for parents to be involved with the Bishop Montgomery community and provides:

- A platform for social activities among parents. A key indicator of an effective school is a high level of parental support and involvement in curricular and extra-curricular activities.
- Parents with a feeling of ownership and investment in their child's education. This is our school and we want it to be the best school possible.
- Necessary assistance needed by the school, teachers, coaches, staff and students that would otherwise be an expense to Bishop Montgomery.

Bishop Montgomery requests all parents volunteer ten (10) hours of school involvement per semester on BMHS projects benefiting:

- Student Activities & Organizations
- Athletic Team Activities
- Campus Beautification
- Campus Offices: Main, Attendance, Development
- Classroom
- Campus Safety & Traffic Control

Parents are assessed a fee of \$175 per semester / \$350 per school year as built-in accountability. Parents are billed in April (see Tuition & Fees page). Various opportunities are posted in the weekly parent e-newsletter and in the monthly parent newsletter.

To ensure credit for service hours, the coordinator of the event at which you are volunteering will sign your PSI form. At the completion of your ten hours each semester, please return your completed PSI form to the BMHS Tuition Office.

Credit for volunteer hours worked during the 2019-2020 school year will be applied toward that school year. To receive proper credit, all PSI hours must be submitted by May 10, 2020 and/or by the final tuition payment for the 2019-20 school year.

Questions? Please contact the BMHS Tuition Office at 540-2021 x242.
