\*After School items may vary throughout the year

Throughout the year, students are able to add cash or check to their lunch accounts during the lunch hour/cafeteria hours. Please make sure to include your child's first and last name if paying by check. Another way to add money to your child's lunch account is through Renweb and their Pay Now services. In Renweb you will go to Family Information, Family Billing, Pay Now, and then begin your transaction. This service allows you to use your credit card (MC, American Express, Discover) or Bank checking/savings Account. The service fee for a credit card transaction is 3.75% and is added to your payment amount. The service fee for a Bank Account transaction is .85 and is added to your payment amount.

You may view your child's lunch purchases in details on Renweb under Family Information, Family Billing, details. When looking in details at purchased food items, B=Breakfast, A=Afterschool, Lunch is not marked. Please take into account when reviewing the food items purchased on your child's account that items may be entered on the register by the product price and not the product name. Most likely this is due to the need for efficiency in moving the students through the cafeteria line in a limited amount of time. For example, Pizza and Water share the same price of \$1.50 but are put in different tabs on our lunch room computer screens.

On occasion and throughout the year we need volunteers to help out in the LC cafeteria. Please email [cafeteria@lexingtoncatholic.com](mailto:cafeteria@lexingtoncatholic.com) if you are interested. Thanks!
