The **ie** sound

Different letter sets make the same sound. The letter sets **ie**, **i_e**, **igh**, and **y** can sound the same.

Read the words in the big balloon. Then write the words in the small balloons.

Four letter sets make the same **ie** sound as in **tie**. Build confidence in reading and spelling these words by introducing your child to the variety of forms. Saying the words out loud will emphasize the different spelling pattern rules.
