

# Splish Splash 2019

On Friday, July 12th, members of our Adult Residential Services Without Walls Program and adult houses went to Splish Splash Water Park in Calverton. Individuals and staff from Don Lane, MSA, Mt. Sinai, Collins, Radio, and Maridon all took the plunge.

They were lucky enough to have sunny skies and temperatures in the high 80s on the day of their trip. The individuals and staff rode rides, ate great food, and socialized throughout the day. It was a wonderful experience for everyone involved, but the lazy river and pizza were particularly popular.

The group is already looking forward to their next visit to the park.
