WALKWISE

HAWAII

SEVEN STEPS TO SAFETY

- #1** Always cross the street at a crosswalk. When no crosswalk is available, please cross at a corner.
- #2** Be vigilant. Always look left-right-left and continue to look while crossing the street.
- #3** Do not enter the crosswalk if the light indicator is counting down. The countdown is for pedestrians already in the crosswalk.
- #4** Always walk when crossing the street. Never run.
- #5** Always wear bright or reflective clothing when walking between dusk and dawn.
- #6** Always watch for vehicles backing out of driveways or parking stalls. Drivers don't always see you.
- #7** If there is no sidewalk, always walk on the side of the roadway facing on-coming traffic.

The number one reason for pedestrian accidents and fatalities is inattentive behavior for both drivers and walkers. Always pay attention while driving or walking!
