

## Firefighters founded Drug Free Clubs in 2005 so Something Powerful could protect our youth.

**Something SO tempting** it is stronger than the temptation to experiment with drugs.

**Something SO strong** it impacts the very moment a teen is deciding whether or not to use.

**Something SO simple** it makes the right choice EASY, because "no" is too hard for too many.

## Was teaching "no" enough?

Students become DFCA members after passing a simple, confidential drug test.

The test is not done as a trap, it is a safety net. Members can rely on testing as an "out" for drug related situations by saying, "I can't, I might get tested".

Although the test is done at school, only the parents and student receive test results. As a second prevention tool, parents are notified of perfect club moments to talk about drugs.

Thirdly, members receive a full color photo ID card that unlocks positive reinforcement of their good choices!

Members show their cards for "rewards" to recognize

their drug free lifestyle. They vary from school to school, and have been anything from treats to ticket discounts, or even privileges unavailable to others. Also, membership is a highlight of any job or college application! Retesting of random members is determined by a DFCA computer program and continues throughout the school year. As long as members remain drug free, the rewards continue and...

...Saying "I can't" stops peer pressure in its tracks!

Award winning strategy that's SO much better than just drug testing!

- Tactics to halt peer pressure.
- Tangible reinforcement of good choices.

- Drug awareness information.

- Combined efforts in a teen's home, school, AND community = a team effort that works!
- Expert advice when it's most needed.

- The chance for teens to show colleges, friends and employers what they're about!
