Student Academic Mentoring

Dear Parent or Guardian,

In order to support all of our students with their academics, we will be starting academic mentoring (tutoring) starting this week until the end of the year. Every Tuesday, Wednesday, and Thursday, our teachers will be staying after school for one hour to support our students. Teachers will stay on certain days based on their subject. Please see attached schedule. Mentoring/Tutoring is one of many supports that our school is offering. In order for our students to be successful, we need your support at home. Please check their grades on a daily basis, ask them how their classes are going, and check their college planners. We appreciate all of your support.

Tutoría académica estudiantil

Estimado padre o tutor,

Con el fin de apoyar a todos nuestros estudiantes con sus estudios académicos, comenzaremos la mentoría académica (tutoría) a partir de esta semana hasta el final del año. Todos los martes, miércoles y jueves nuestros maestros se quedarán después de la escuela por una hora para apoyar a nuestros estudiantes. Los maestros se quedarán en ciertos días según su tema. Por favor, consulte el horario adjunto. Mentoring / Tutoring es uno de los muchos apoyos que nuestra escuela está ofreciendo. Para que nuestros estudiantes tengan éxito, necesitamos su apoyo en casa. Por favor verifique sus calificaciones a diario, pregúnteles cómo van sus clases y verifique sus planificadores universitarios. Agradecemos todo su apoyo.
