TEAMING UP FOR SUCCESS: PARENTS, STUDENTS, SCHOOLS

WHAT IS A SCHOOL-PARENT COMPACT?

A school compact is a written agreement between a school, its parents and students. The compact gives strategies to help support students' success in school.

The compact explains what families and schools can do to make a connection for the student between home and school.

The school compact is created by parents, students and the school working together to produce a group of ideas to help all students reach their full potentials.

Sanger High School students participating in the Title I, Part A program, and their families, agree that this compact outlines how the parents, the entire school staff and the students will share the responsibility for improved student academic achievement, as well as describes how the school and parents will build and develop a partnership that will help our students achieve the state's high standards.
