

LULING ISD CAMPUSES WILL REMAIN CLOSED UNTIL March 23, 2020.

Out of an abundance of caution, LISD will extend Spring Break for another week. While there are still no confirmed cases in our community, administration has made this decision in the best interest of students and staff.

All Luling students will be eligible for "grab and go" breakfast and lunch for the week of March 16th - 20th. Details on where meals can be picked up and the hours available will be forthcoming.

Administration has begun working on an instructional support plan for our students. Information related to this plan will be sent out as soon as it is finalized.

We do not yet know if students will need to make up this time. We also do not know what the next steps will be after this initial closing. Therefore, please continue to watch our Facebook page and website (www.luling.txed.net) for additional information as it is available.

Sincerely,
Erin Warren
Superintendent
