

The Westwood ISD School Health Advisory Council *Is seeking new members!*

The School Health Advisory Council (SHAC) assists the district in ensuring that local community values are reflected in the health education program. The council will address the continued implementation of a coordinate health program including health education, physical education, health services, nutrition services, counseling, healthy school environment, staff health promotion and family/community involvement.

The SHAC meets at least 4 times during the school year. Meetings will be held on Monday evenings at 5:00 p.m. before regularly scheduled board meetings. We greatly value your input.

If you are interested in serving on the SHAC, please submit the application to your child's campus or contact Tiffany Carwell at:
