Friday, August 17, 2018

Greetings Swartz Creek Virtual Learners and Families,

The start of the 2018-2019 school year is upon us. I am excited to welcome back our students and staff in a couple of weeks. There are many exciting things that have happened over the summer. Many of you may know me from the high school as one of the school counselors. I recently was selected to be the Director of Virtual Learning for the newly renovated Swartz Creek Virtual Learning Center located in the 800 wing of the Swartz Creek Middle School.

I always look forward to the start of a new school year, this one even more. We have many new exciting things happening here at the Swartz Creek Virtual Learning Center such as a new location, new name, new computers, new staff and a new learning platform called [Kickstand](#). With all the new things this year, we will still continue with our core mission of helping meet students where they are and working together to respond to their individual needs to help them achieve their optimal growth.

We here at the VLC will start school September 5, 2018. This start date will give us the time needed to ensure the learning environment is prepared for your student. This start will not affect our last day of school which will remain June 7, 2019. Please subscribe to the [VLC YouTube Channel](#) as this will be our main communication platform.

We will be having a grand opening open house style to be announced via the [VLC YouTube Channel](#) in the near future, so stay tuned.

I look forward to welcoming our students and families back on Wednesday, September 5th. If you have any questions please call the same main office number 810-591-4380.

Sincerely,

Daniel Nolen
Director of Virtual Learning
Swartz Creek Virtual Learning Center
