School Description

Mendota Junior High School is in its tenth year of existence. Previously known as McCabe Junior High, Mendota Junior High will continue the tradition of hard work, high expectations, and rigor.

City of Mendota:

Mendota Junior High is located in the city of Mendota, which is located about 42 miles west of Fresno. Mendota is a rural community with a population of roughly 10,000. The city of Mendota is approximately 90% Hispanic with a great majority of those people working in the farmland that surrounds Mendota. Mendota has seen an unemployment rate of as high as 50% which in turn makes many of our students socioeconomically disadvantaged. The majority of our parents are Spanish speaking which equates to roughly 70% of our students English Learners from year to year.

Enrollment and Services:

Mendota Junior High has an enrollment of 512 students of which 97.4% are Hispanic and 43% of them are English Learners. We have a total of 25 teachers, one+ Counselor, one Vice-Principal., one Academic Coach and 5 instructional aides. We are a school wide Title I school and also count on State and Federal Title III Funds. Our school has a large number of socioeconomically disadvantaged students which equates to 96.6% of our students qualifying for the Free/Reduced Lunch Program. We provide after school services through our FRESH after school program that is funded through the Fresno County Office of Education. This program provides a recreational, nutritional, and academic component. Some of the after school programs include cooking classes, gamers, and a mountain biking club. Our after school programs services about 250 students per day. Title III services are provided through a part-time teacher with students being registered a Title III class during the day to help support their Math and English classes. The Title III teacher uses System 44, Math 180, and Read 180 language acquisition computer programs to support language development. We received The Project Read Exemplar School during the 2016-17 school year in which we know must host site visitations to share how we have incorporated a school wide literacy initiative into all subject areas. After school academic tutoring is also provided through our Title III program. The Title III tutoring program is aimed at helping our newcomer students to transition into their core classes. Additionally, there are after school tutorial services provided by our teachers in all subjects.

During the school day students participate in seven classes; five core classes and two electives. Some students who are identified as students of need based on the previous years standardized tests are provided intervention classes for both Math and English in lieu of elective classes. These intervention classes supplement the core Math and English classroom and serve as pre-teaching and/or re-teaching services to students in need. The math intervention classes are structured back to back with their regular core math class. This enables teachers to provide more one on one time with individual students during the guided practice portion of the lessons. All EL students are also scheduled with an ELD classes. These ELD classes are scheduled depending on the student's ELPAC level. Currently we have classes at levels 1,2, and 3. The ELD teacher coordinates with the core ELA teachers to develop lessons which reinforce skills learned in students core ELA class. As stated above, Title III classes are also scheduled for students who demonstrated a need in the are of Math and English.

Students are also serviced by a full time counselor that works with our students in their academics, social, and personal life. The focus of our counselor is to act as a guide and mentor to assist students meet the demands of a secondary school. The counselor is available to all the students and routinely makes home visits. They are charged with tracking the academic success of all our students as well as being a safe supportive adult for our students.

Goals:

The goal of Mendota Junior High is to create successful, lifelong learners, who will realize their full potential. We will implement classes with a focus on rigor, and higher level student tasks. We strive to teach and leading with enthusiasm, transmitting our passion for the subject we teach to our students. We will create a school environment which fosters positive academic achievement. We will provide opportunities for students to succeed academically, adapt socially, and mature. We will rejoice in their successes and teach them to learn from their failures, building confidence over time. Our teachers are fully committed to the vision of our school and the responsibility that we carry. We will hold each other to the highest standards and accept no excuses as we strive to meet these goals.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

2017-18 Student Enrollment by Grade Level	
Grade Level	Number of Students
Grade 7	252
Grade 8	239
Total Enrollment	491

2017-18 Student Enrollment by Group	
Group	Percent of Total Enrollment
Black or African American	0.2
American Indian or Alaska Native	0.0
Asian	0.0
Filipino	0.0
Hispanic or Latino	97.4
Native Hawaiian or Pacific Islander	0.0
White	1.4
Socioeconomically Disadvantaged	98.8
English Learners	55.0
Students with Disabilities	5.5
Foster Youth	0.0

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Teacher Credentials			
Mendota Junior High School	16-17	17-18	18-19
With Full Credential	19	25	24.5
Without Full Credential	3	0	1
Teaching Outside Subject Area of Competence	0	0	0
Mendota Unified School District	16-17	17-18	18-19
With Full Credential	♦	♦	148
Without Full Credential	♦	♦	14
Teaching Outside Subject Area of Competence	♦	♦	0

Teacher Misassignments and Vacant Teacher Positions at this School			
Mendota Junior High School	16-17	17-18	18-19
Teachers of English Learners	0	0	0
Total Teacher Misassignments	0	0	0
Vacant Teacher Positions	0	0	0

* Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

No insufficiency exists. Mendota Junior High School received a passing score when audited in August 2017 by the Williams Act Text Book auditors.

Textbooks and Instructional Materials Year and month in which data were collected: 2018 August	
Core Curriculum Area	Textbooks and Instructional Materials/Year of Adoption
Reading/Language Arts	McGraw-Hill Studysync - 2016 The textbooks listed are from most recent adoption: Yes Percent of students lacking their own assigned textbook: 0%
Mathematics	Houghton Mifflin Go Math - 2014 The textbooks listed are from most recent adoption: Yes Percent of students lacking their own assigned textbook: 0%
Science	Holt Life Science- 2008 The textbooks listed are from most recent adoption: Yes Percent of students lacking their own assigned textbook: 0%
History-Social Science	Oxford University Press - -2009 The textbooks listed are from most recent adoption: Yes Percent of students lacking their own assigned textbook: 0%

Note: Cells with N/A values do not require data.

School Facility Conditions and Planned Improvements (Most Recent Year)

Based on our most recent William Facilities Audit the facilities are in exceptional condition. Our school is in its tenth year of existence. Future plans include a construction of a shade structure in the quad. and the addition of 3 more classrooms to meet our growth needs.

School Facility Good Repair Status (Most Recent Year) Year and month in which data were collected: 09/2018		
System Inspected	Repair Status	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	Good	
Interior: Interior Surfaces	Good	
Cleanliness: Overall Cleanliness, Pest/ Vermin Infestation	Good	
Electrical: Electrical	Good	Some Ceiling Lights out in MU Room. (This will be addressed by our Maintenance Department and fixed)
Restrooms/Fountains: Restrooms, Sinks/ Fountains	Good	Hand dryer not working in Girls Restroom. Drinking fountain Boys Baseball Field not working. No soap dispenser Girls Restroom by baseball field. Toilet doesn't flush Girls locker room. (All these will be addressed by our Maintenance Department and fixed)
Safety: Fire Safety, Hazardous Materials	Good	
Structural: Structural Damage, Roofs	Good	
External: Playground/School Grounds, Windows/ Doors/Gates/Fences	Good	
Overall Rating	Exemplary	

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	26.0	31.0	35.0	37.0	48.0	50.0
Math	16.0	22.0	20.0	24.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter

Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

Grade Level	2017-18 Percent of Students Meeting Fitness Standards		
	4 of 6	5 of 6	6 of 6
7	19.6	21.6	19.6

* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

School Year 2017-18 CAASPP Assessment Results - English Language Arts (ELA) Disaggregated by Student Groups, Grades Three through Eight and Eleven				
Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	487	474	97.33	31.43
Male	256	249	97.27	28.11
Female	231	225	97.40	35.11
Black or African American	--	--	--	--
Hispanic or Latino	476	464	97.48	31.03
White	--	--	--	--
Socioeconomically Disadvantaged	476	466	97.90	31.12
English Learners	403	392	97.27	28.57
Students with Disabilities	14	14	100.00	7.14
Students Receiving Migrant Education Services	21	21	100.00	9.52

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

School Year 2017-18 CAASPP Assessment Results - Mathematics
Disaggregated by Student Groups, Grades Three through Eight and Eleven

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	487	479	98.36	21.71
Male	256	251	98.05	23.51
Female	231	228	98.7	19.74
Black or African American	--	--	--	--
Hispanic or Latino	476	468	98.32	21.37
White	--	--	--	--
Socioeconomically Disadvantaged	476	470	98.74	21.49
English Learners	403	397	98.51	19.65
Students with Disabilities	14	14	100	0
Students Receiving Migrant Education Services	21	21	100	14.29

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

School Based Activities

We have a variety of activities that involve parents in the education of their children. Some of these activities include School Site Council Meetings, English Learners Advisory Committee Meetings, FCOE Parent Educational Meetings, PIQE, Dinner Dance Committee meetings, Back to School Nights, Title I Meetings, MESA nights, and District English Learners Advisory Committee. Parents are also encouraged to volunteer during school hours in the office or in the classroom. In addition, parent-teacher conferences are scheduled after the 1st and 2nd quarters and parents are highly encouraged to attend. Conferences last all week from 1:45 to 4:40 each day. We are also planning on holding a Winter and Spring concert. All parents will be invited and we expect over 400 people to attend. Many of these activities will be announced through flyers sent home, Blackboard contacts, and personal phone calls.

Home Based Activities

Parents are expected to be involved with their children's education by providing a proper environment in which students can complete their homework. This environment along with the encouragement to complete work and act in a responsible manner allows for the students to experience a greater level of success in school. Parent Educational Meetings which focus on suggestions to create a beneficial educational setting at home take place throughout the year during many of the previously mentioned parent educational meetings.

Contact Information

Online grading information is provided through our student information system's online portal. Parents are able to view their child's grades and keep track of their assignments. Parents are given the URL a password and username that will allow them to access this portal at back to school night, during parent conferences, and at every opportunity. The portal is also available on the district website. Being able to monitor their child's grades in real time is a huge asset which can increase student achievement drastically.

A parent communication system (Blackboard Connect) is also in place at Mendota Junior High. This program allows us to make automated phone calls home to keep parents informed of school activities or to keep them informed of information concerning their child. Messages are sent both in Spanish and in English depending of the students language information. This system is not a substitute for personal phone calls, but it works well when general messages must get out quickly. Teachers have access to the Blackboard system as well. They often use it to contact parents for procedural or informational purposes. Teachers are required to make personal contacts with each parent for each student who may earn a failing grade each quarter.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The school safety plan is an all involving plan designed to help us get through an emergency situation. It involves teams of administrators, teachers, janitors, and instructional aides that are designed to communicate, locate, assist, and properly evacuate students in the event of an emergency. The main objective of this plan is to efficiently coordinate actions, structure a chain of command, and minimize possible risks in the event of an emergency. A detailed copy of our emergency plan is available upon request at our office. Currently, (2018-2019) this plan has been adopted by our School Site Council and evaluated on a district level. Our current plan has been reviewed with teachers during the first week of school in August, and a test is conducted 3 times a year along with an "Active Shooter Simulation" done October 24, 2018. Please contact our office if you have any further questions.

Suspensions and Expulsions			
School	2015-16	2016-17	2017-18
Suspensions Rate	9.3	10.1	10.0
Expulsions Rate	0.7	0.0	0.0
District	2015-16	2016-17	2017-18
Suspensions Rate	4.5	5.1	4.9
Expulsions Rate	0.2	0.1	0.2
State	2015-16	2016-17	2017-18
Suspensions Rate	3.7	3.7	3.5
Expulsions Rate	0.1	0.1	0.1

D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

Academic Counselors and Other Support Staff at this School	
Number of Full-Time Equivalent (FTE)	
Academic Counselor	1
Counselor (Social/Behavioral or Career Development)	0
Library Media Teacher (Librarian)	0
Library Media Services Staff (Paraprofessional)	1
Psychologist	0.17
Social Worker	0
Nurse	0.17
Speech/Language/Hearing Specialist	0.17
Resource Specialist (non-teaching)	1
Other	1
Average Number of Students per Staff Member	
Academic Counselor	494

* One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Average Class Size and Class Size Distribution (Secondary)												
Subject	Average Class Size			Number of Classrooms*								
				1-22			23-32			33+		
	2015-16	2016-17	2017-18	2015-16	2016-17	2017-18	2015-16	2016-17	2017-18	2015-16	2016-17	2017-18
English	20.0	22.0	23.0	13	12	11	17	17	22			
Mathematics	25.0	26.0	24.0	2	5	7	16	11	17		2	
Science	28.0	25.0	27.0		6	3	15	12	15			
Social Science	24.0	25.0	27.0	6	5	4	15	13	14			

* Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Professional Development provided for Teachers

The main areas of focus for Mendota Junior High staff professional development are based on the four District Initiatives; Professional Learning committees, Best Practices, Instructional Rounds, and Response to Intervention 2. All professional development is conducted with Common Core State Standards in mind. There is also a EL component to all professional development workshops for Junior High teachers. Student assessment data, such as district benchmark exams, SBAC scores, Read 180/system 44 assessments, as well as student English language proficiency scores on the ELPAC test determines the areas of focus when selecting professional development for Junior High teachers and the administrative team.

Our District conducted 3 days of Professional Development this year. Our first day was August 6, 2018 which we covered "Do Not Resuscitate (DNR) and Sexual Harassment Professional Development. The next day, August 7, 2018 we had Professional Development on "Active Shooter" as well as Mental Health. On the third day August 8, 2018 we our staff had Professional Development Training on "Time To Teach" which is our School Wide Behavior Plan as well as "School Wide Safety Plan."

Professional development workshops are delivered in various ways. Over the last three years we have really focused on improving our Math and ELA SBAC Scores. In 2016-2017 our focus has been or lesson design and delivery. We had 6 full day's each of the school years in T4 Professional Development to help with lesson design and delivery. Mendota Junior High is focusing on EDI Lesson Design and Delivery where we have scheduled 6 full day sessions during the 2018-19 School Year. Three sessions of lesson planning and implementation have been scheduled for teachers in our ELA and Math Departments. During these workshops teachers by subject matter from Mendota Junior High School meet and design a lessons. Following design they watch as the EDI coach delivers the lesson. Finally they meet to discuss the finer points of the lesson. All teachers in the training are expected to implement EDI strategies in their own classes throughout the year. Site level professional development takes place during regularly scheduled minimum days. Generally this professional development is lead by the administrative team, however teachers do take active leadership roles in instruction. Supplemental and non-restricted monies have been set aside for teachers to attend conferences of their choice with the understanding that these conferences must follow the district's initiatives. We have also brought in a Math Intervention Program called Teach To One. All of our 7th grade math teachers went through an intense 3 day training for our Teach to One Math Program back in July of 2017 with our new math staff going through the same during August 2018 this year. This program was brought in to support our struggling math scores which had declined until we brought this Intervention in for the 2017-18 School Year. We had big gains in our 7th grade math this past year so we have expanded the program to support 8th grade students as well.

Implementation of techniques learned during professional development workshops is monitored by various ways. First, the district has implemented Instructional Rounds. At Mendota Junior High we have undergone this process and implemented it on a smaller scale at our site. The Principal and Vice-Principal are also responsible to monitor implementation of professional development instructional techniques. This is accomplished through formal and informal observations throughout the school day. Teachers are provided immediate and specific feedback from these observations in the form of written coaching forms. In addition all first and second year teachers are supported with an Academic Coach. Junior High core teachers are also provided PLC days three Wednesdays each month. During these days core teachers focus on implementation of district initiatives in their classroom from questioning techniques to higher level student tasks. These days are teacher lead, specifically focusing on collaboration, reflection, and planning.

FY 2016-17 Teacher and Administrative Salaries		
Category	District Amount	State Average for Districts In Same Category
Beginning Teacher Salary	\$44,428	\$45,681
Mid-Range Teacher Salary	\$69,936	\$70,601
Highest Teacher Salary	\$83,998	\$89,337
Average Principal Salary (ES)	\$87,979	\$110,053
Average Principal Salary (MS)	\$93,187	\$115,224
Average Principal Salary (HS)	\$90,197	\$124,876
Superintendent Salary	\$175,000	\$182,466
Percent of District Budget		
Teacher Salaries	29.0	33.0
Administrative Salaries	4.0	6.0

* For detailed information on salaries, see the CDE Certificated Salaries & Benefits webpage at www.cde.ca.gov/ds/fd/cs/.

Types of Services Funded

Mendota Junior High provides students with multiple services to meet their academic and social needs. Academic needs are met with programs such as our FRESH after school program, after school tutoring, Title III intervention programs, MESA classes, a Vice-Principal that organizes tutorial and intervention services, and an academic counselor. As for their social needs our sports programs allow students the opportunity to play a variety of sports for both girls and boys. An academic counselor also serves to help students with their social and personal needs. An effective incentive program that celebrates academic accomplishments is also an important part of our school.

FY 2016-17 Expenditures Per Pupil and School Site Teacher Salaries				
Level	Expenditures Per Pupil			Average Teacher Salary
	Total	Restricted	Unrestricted	
School Site	\$10255.79	\$2161.70	\$8094.09	\$65,889.01
District	◆	◆	\$10268	\$65,627
State	◆	◆	\$7,125	\$71,392
Percent Difference: School Site/District			-23.7	0.4
Percent Difference: School Site/ State			-35.2	-8.0

* Cells with ◆ do not require data.

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
