March 12, 2020

Dear School Community,

As follow-up to our previous information about the coronavirus, we remain committed to the health and welfare of our students, staff, and community, and we want you to know we are doing our best to maintain a healthy school environment.

1. We are processing the Governor’s recommendations and the impact they may have on public schools. Given there are still no known cases in Macomb County, we continue to follow the guidelines from the Center for Disease Control (CDC) and the Macomb County Health Department that show we are currently in the "Planning and Preparedness Phase." Visit cdc.gov or michigan.gov/coronavirus for more information.

2. We have established a new Macomb County School Guidance Group whose members include county superintendents, leadership of the Macomb County Health Department, and the Macomb Intermediate School District

3. We are in close contact with the Macomb County Emergency Operations Center and the County Executive’s Office.

4. We will continue to thoroughly clean all of our buildings and common surfaces as recommended by the CDC, the Michigan Department of Health and Human Services, and the Macomb County Health Division.

5. Our maintenance staff is doing extra cleaning daily, wiping down often touched surfaces including desks, doorknobs, and bus seats. Teachers are constantly reviewing prevention practices, including the following:
   - Washing hands often with soap and water. If not available, use hand sanitizer.
   - Covering the mouth and nose with a tissue when coughing or sneezing.
   - Avoiding touching your eyes, nose, and mouth with unwashed hands.
   - Avoiding contact with people who are sick.
   - Staying home/keeping children home if they are sick.

FIRST Robotics has cancelled all Robotics competitions, so we will not be hosting our event this month. We are also cancelling our Senior Citizens’ Prom for this Friday (3/13) out of concern for their health and safety. Field trips and assemblies will be evaluated on a case-by-case basis.

This is a very dynamic situation and as information changes, we will keep you posted accordingly.

Sincerely,

Eve Kaltz
Superintendent

The mission of Center Line Public Schools is to provide all students relevant and challenging learning experiences to inspire success and empower them to be the leaders of tomorrow.
