

Career Quest at Lexington Catholic

Lexington Catholic is dedicated to providing students with a holistic, well-rounded education to enable them to be successful in life after Lexington Catholic; Career Quest is a program designed to further student education and experience. Job shadowing experiences provide students with introductions to successful people in the professional and business worlds, while providing a reasonable level of observational involvement in a possible career path and college major. Perhaps, most importantly, they will meet some incredibly successful people who they can learn from, emulate, and gain all the advantages a mentor can offer.
