Dear Rutherford County Government Employee:

You've likely heard about the health care reform law called the Affordable Care Act (ACA). This law was enacted, in part, to ensure all Americans have access to affordable health insurance. On January 1, 2014, the law requires all Americans (with limited exceptions) to have health insurance; those who don't will be subject to a tax penalty. This new requirement applies to you and your dependents.

Health coverage through Rutherford County

The County is pleased to offer high-quality, affordable health insurance to its eligible employees and their families.

If you are eligible for Rutherford County's health plan but currently do not have health coverage, now is a good time to consider all your health insurance options – before the individual coverage mandate becomes effective on January 1. The County's Annual Enrollment for 2014 health coverage begins October 21. Enrollment in the County's coverage satisfies the requirement to have health coverage.

If you are not currently eligible for Rutherford County health coverage, you may wish to review your other options, such as a spouse's or parent's plan or the Health Insurance Marketplace.

Health coverage through the Marketplace

On October 1, 2013, all Americans will be able to shop for and purchase affordable health insurance through the Health Insurance Marketplace. Some people with lower incomes may be eligible for a tax credit (premium discount) to help pay for their coverage through the Marketplace. However, if you are eligible for the County's health coverage, regardless of your income, you likely will not be eligible for this tax credit if you choose to purchase coverage through the Marketplace. This is because the County provides and intends to continue providing health coverage that meets both the "affordability" and "minimum value standards" required by the ACA.

Enclosed is a required federal notice that provides more information about the ACA and the Marketplaces.

If you have questions or need help reviewing your options, please contact the Risk Management Department at 615-898-7715.

Sincerely,

Rutherford County Risk Management Department

Job Related Injuries (When Injured on the Job)

Filing a Claim

All injuries and/or illnesses, on the job, whether requiring medical attention or not, must be reported to the supervisor immediately or within the current working shift after such occurrence. If the accident involves loss of consciousness, a fatality, broken bones, loss of a body part or third degree burns, the supervisor should be notified immediately. It is then the responsibility of the supervisor to immediately notify the Safety Coordinator.

- The following steps should be followed when injured:
- Supervisors must call in notification of an OJI to the Risk Management Department within one (1) working day from the date of occurrence.
- Completed reports of injuries and/or illnesses and other documentation must be filed with the Risk Management Department by the supervisor on all injuries, accidents and/or illnesses whether medical treatment is necessary or not, within two (2) working days from the date of the event. The Safety Coordinator or designee (OJI Representative) will complete and sign off on all reports of injuries, accidents and/or illnesses.
- Select an authorized physician from the Panel of Physicians listed on the claim report. Complete and sign the form. Be sure to keep a copy for your records.
- If you so desire, seek medical treatment from the physician you selected from the Panel of Physicians. Do not go to your primary care physician – it is not protocol and will not be paid for through the OJI Program.
- ER visits are NOT protocol, unless there is a dire need (e.g. a broken bone, torn ligament or bleeding profusely). However, if a work related injury happens after hours during the week or the weekend, you are permitted to utilize the ER – provided your supervisor is aware of the injury.
- Notify your supervisor of your condition and when the physician recommends you return to work.
- To avoid out of pocket expenses, prescriptions must be filled at one of the authorized pharmacies.
- If the physician recommends light or restricted duty and your supervisor can provide a job within your restrictions, you MUST report to work. Failure to report will terminate your OJI benefits.

The supervisor shall complete the Return to Work Agreement by listing the light duty jobs that fall within the employee's restrictions. The supervisor shall also explain the restrictions to the employee and have the employee sign the agreement as acknowledgement of understanding the restrictions.

- If there is no light duty available, you will be out of work and paid through the OJI Program.

All questions regarding job related injuries should be directed to the Rutherford County Safety Coordinator at 615-898-7715.

EMPLOYEE PARTICIPATION IN ACTIVITIES (Policy 5.6101)

Employees must have administrative approval to participate in any recreational or fitness activities which are not part of the school day or educational curriculum in order to be covered under the Board's On the Job Injury Program. Voluntary participation in activities is not covered by OJI.

EMPLOYEE USE OF SOCIAL MEDIA (Policy 4.4061)

Rutherford County Schools respects the right of employees to use social media, networking sites, personal websites and blogs, but it is important that an employee's personal use of these sites does not interfere with official duties, violate any district policies or damage the reputation of the school district, its employees, its students or their families.

Employees should set appropriate boundaries between personal and public online behavior, understanding that what is private in the digital world often has

the potential of becoming public, even without their knowledge or consent. It is recommended that employees carefully review the privacy settings on any social media accounts and exercise good judgment when posting content and information on such sites.

Employees should adhere to the following guidelines consistent with the district's standards on harassment, student relationships, professional communication and confidentiality of student information.

1. Employees who have a presence on social networking websites are prohibited from posting data documents, photographs or inappropriate information that is likely to create a material and substantial disruption of classroom activity.
2. Employees are prohibited from accessing personal social networking sites on district computers during working hours except for legitimate instructional purposes.
3. Employees shall not disclose any confidential information obtained during the course of his/her employment about the school district, any school, individuals or organizations, including students and/ or their families.
4. The Board discourages employees from socializing with students on social networking websites. The same relationship, exchange, interaction, information, or behavior that would be unacceptable in a non-technological medium is unacceptable when done through the use of technology. Employees are strongly discouraged from including current students as "friends," "followers," or any other similar terminology used by various sites without written permission from the student's parent.
5. Coaches, band directors and other employees who see a need to use social media sites to communicate information about extracurricular clubs, teams or other student groups should establish a dedicated, non-personal social media account for such purposes with permission of the school principal.

STUDENT EQUAL ACCESS (Policy 4.802)

Requests to form such clubs or groups shall not be denied based upon the religious nature or beliefs of proposed club or group. No funds shall be expended by the school for any such meeting beyond the incidental costs associated with providing meeting space. Groups meeting under this policy may be required to pay a reasonable fee for compensating school personnel in the supervision of the activity.

No student may be compelled to attend or participate in a meeting under this policy. A student or a group of students who wish to conduct a meeting under this policy must file an application with the principal at least three days prior to the proposed date. The principal shall approve the meeting if he/she determines that:

The meeting is voluntary and student-initiated; There is no sponsorship of the meeting or its content by the school, the Board, or its employees; The meeting will not materially and substantially interfere with the orderly conduct of the school's educational activities or conflict with other previously scheduled meetings; Employees of the district are to be present in a non-participatory monitoring capacity; however, no employee shall be required to attend in this capacity if the content of the meeting is contrary to the beliefs of the employee; and Non-school persons will not direct, control or regularly attend.

SCHOOL SPONSORED EVENTS

If the Board or a school principal authorizes an event at which a student is to speak, a limited public forum shall be established for such student speakers. The appropriate administrators shall ensure that:

The forum is provided in a manner that does not discriminate against a student's voluntary expression of a religious viewpoint, if any, on an otherwise permissible subject; There is an appropriate method of selecting student speakers which is based on neutral criteria; Student speakers do not engage in speech that is obscene, vulgar, offensively lewd, indecent or promotes illegal drug use.

To the extent possible and practical, prior to events in which students will speak, notice shall be provided orally and/or in writing that the student's speech does not reflect the endorsement, sponsorship, position, or expression of the Board and its employees.
