

OCEAN VIEW ~ READING COUNTS

On September 1st we will launch the Reading Counts Program for the 2018-19 school year for students in grades 3-6. It is a simple and fun reading program that has many rewards and educational benefits for our students. The goal is for students to find books at their reading level and reap the many joys of reading!

Here's how it works:

- 1) Students are tested with the Reading Counts Reading Inventory. From this inventory assessment, students are given a lexile level letting them know which books to choose at their independent reading level.
- 2) Students use the Reading Counts Book Expert online to find a book at their level.
<https://readingcountsbookexpert.tgds.hmhco.com/>
- 3) Students read the book.
- 4) Students take a short, 10 question quiz and score an 80% or higher. Tests are taken in the library, computer lab, or in the classroom.
- 5) Students earn points toward individual rewards given out monthly in the classroom.

It's that simple!

Point levels & rewards for each grade level:

Reward	3 RD	4 TH	5 TH	6 TH
Certificate & Pencil	15	20	25	30
RC Keychain	30	40	50	60
Bookmark	50	60	70	80
Eraser	75	85	95	105
Book	125	150	175	200
Small Klondike Pizza	175	200	225	250
Donuts in the Library (Once per trimester)	225	250	275	300
Large Klondike Pizza	300	325	350	400
Lunch with the Principal	500	800	1000	1500

Additional Prizes:**Grade Level Donut Party:**

The class that earns the most points for their grade level will win a donut party at the end of the year.

Millionaire's Club:

Any student who reads 1,000,000 words or more will earn a t-shirt and become a member of the Millionaire's Club! When a student passes a quiz, the system records the number of words in the book and creates a running record for the students.
