

March 13, 2020

To All RBUSD Families:

As I stated to you all last night, we are responding and keeping you informed of the latest information we have regarding the COVID-19 virus.

In communication with, and strong advice from, the Los Angeles County Office of Education today, we have made the decision to **close all Redondo Beach Unified School District campuses to all students beginning on Tuesday, March 17, 2020 through spring break on April 10, 2020. This includes our CDC and the City of Redondo Beach Rec Programs.**

On Monday, March 16, 2020, our school campuses will be open during the hours of 9 a.m. until noon only for the purpose of students and parents coming to pick up personal belongings as well as their district-issued Chromebooks. If your child already has these items at home, there is no need to come to school on Monday.

Our teachers will begin providing instruction remotely to students in grades TK-12 beginning on Wednesday, March 18 through Friday, April 3. During this time, expect to hear from your child/ren's teacher/s on a consistent basis. This includes all special education teachers and service providers. You will be provided directions for logistics and protocols regarding this transition.

Please understand that during this time, all activities, events, and athletics will be canceled as well. There will be no practices, meets or games, nor will there be any public gatherings held on campuses.

We have been planning for this possibility for a couple of weeks and we recognize the importance of continuity of learning for our students. We also understand that school closures present a significant challenge for our families and employees. We know that we may not get everything right in the first days. Please be patient with us as we work through this uncharted territory.

We encourage you to stay informed about developments in relation to COVID-19 and we will continue to communicate any updates we receive. Our RBUSD team is committed to continuing to serve our students' learning throughout. We believe strongly in taking any measures necessary to protect and support our community and appreciate your support through safe, calm, and caring communication.

Sincerely,

Steven E. Keller, Ed.D.
