Dr. Pickell indicated that our Legislators are getting ready for their spring break so there isn't much to report. The Governor did release her proposed budget for the next fiscal year. Tri-County is asking for school boards to support the proposed budget by having people contacting their state reps. Her proposal is giving a \$265 increase per student which totals three quarters of a million dollars for our district. We will put a resolution on our April Agenda in support of this with more information forthcoming.
