

# Junior High's Trip To The Nutcracker and The Four Realms

By: Sohan Shah

On December 10, the junior high took an exciting trip to the Atrium Cinema Studios to see the new Christmas movie, The Nutcracker and the Four Realms. It was a blast! Mrs.Sweeney was able to organize this fun trip which let the whole junior

high enjoy their Monday at a movie theater. The premise of the movie was about a girl who found out her mother was a queen of four realms. This girl intended on leaving the realms, but ended up staying to unify the four realms again. The movie included ballet, just like the original Nutcracker Ballet. At the movie theater, we enjoyed snack packs that we received for free with the tickets. We also had premium seats that were nicely padded and reclinable. At the end of the movie, it seemed that most of the students had a great time, and liked the movie.

Going to see The Nutcracker and the Four Realms was a great way to start off the holiday season!
