

Parent Educator Workshop Calendar

10:00-11:30

Portable 5 at Vista Oaks Charter School in Byron

We are excited to present our workshop calendar for the **2019-2020** school year!! The topics have been chosen based on responses from our parent survey. Each workshop will be presented by a team including a parent educator and an advisor or specialist in the field.

Since you, our parent educators, are doing the important work of delivering daily instruction to our students, we want to offer support, training, and time for collaboration each month. (We will provide coffee and treats, too!) 😊

Come enjoy your Vista Oaks community!
