August 15, 2017

Welcome Back Staff, Students, and Stakeholders!

The new year is upon us, and our sites are starting to come to life. The first day is an exciting opportunity to start fresh and expand ourselves with new opportunities and partnerships. Our staff will officially commence our year on August 18th. Students will start back Wednesday, August 23rd.

Each staff member brings unique and innovative ideas to not only their own classroom, but also to their teams within the school. We are committed to honoring their expertise and supporting great teaching and learning within each classroom. Each student brings unique experiences, passions and strengths.

Together, we will begin a new year using our shared values to remain focused on students. 2017-18 will be a year for students to grow and flourish in a culture of passion and perseverance.

I am committed to listening closely and learning from all of you how I may best support our Lemon Grove Learners. Welcome back to school- I am honored to be your Superintendent and excited to see our year unfold.

Dr. Kimberly Berman
Superintendent
