

National Dwarfism Awareness Month

Dwarfism Awareness

Wear **GREEN** on Thursday,

October 25, to show your support for

**Dwarfism
Awareness
Day**

Today little people and those who support them around the globe celebrate October 25th as International Dwarfism Awareness Day. Around the world there are still many social and physical barriers that restrict little people. Today and everyday we unite to promote awareness and challenge those barriers because we are equal. We can do anything we set our mind to.

A person is a person
no matter how small
-Dr. Seuss
