Assessment of the Current Status of School Crime

A review of our school data and a recent stakeholder survey indicates that the students, parents, and staff of Rancho Vista Elementary School are safe on campus, off campus at school-sponsored events, and when traveling directly to and from school.

During the period between August 20, 2018 and June 6, 2019, there were no suspension and no instances of hate crimes during this same period. In general, there are relatively few serious behavior issues or crimes at Rancho Vista School.

Rancho Vista Elementary creates a safe school environment. The school implements programs and practices to address bullying that are aligned to District policy (reference Board Policy 5131.2). Additionally, both bullying, social-emotional learning, Positive Behavior Intervention Strategies (PBIS) and character development are addressed at weekly school assemblies and at grade level specific assemblies. The staff at Rancho Vista believes that these issues should be kept front and center all year in order to promote positive and inclusive behavior.

PVPUSD utilizes Aeries reporting to track our student attendance and monitor concerns with chronic absenteeism. There is a process for sites to follow when there is a concern regarding absenteeism and truancy. All schools have a School Attendance Review Team (SART) to collaborate and consult on how to provide intervention to the students and families with identified attendance issues. The District also holds Student Attendance Review Board (SARB) hearings for cases that are not resolved at the site level and need further intervention.

Alternate means of correction are employed to address discipline infractions prior to suspension for lower level Education Code violations. As a preventative measure, all K-8 schools have implemented Positive Behavior Intervention Supports (PBIS), which focuses on teaching our students about behavioral expectations and providing positive feedback. Restorative practices are being utilized across the district to ensure a comprehensive approach to discipline and behavior interventions.

PVPUSD has a comprehensive approach to student mental health and support across our K-12 schools to address the identified needs in our California Healthy Kids Survey. Our district has a well-developed suicide prevention policy that encompasses education, intervention and postvention programs. All certificated and classified staff have been trained in suicide prevention education. Students in grades 7-12 are also receive classroom guidance lessons focused on mental health, social-emotional supports and suicide prevention.

Our K-8 schools have also implemented Social Emotional Learning curriculum as preventative education. There has been an increase in the days the school psychologist has been assigned to each elementary school site with a focus on supporting the social-emotional needs of general education students.

Disaster Response Procedures

The Rancho Vista School Emergency Plan provides faculty, staff, parent volunteers and students with site-specific emergency instructions during an emergency crisis or disaster. The Plan delineates responsibilities of all Rancho Vista employees and is organized according to the National Incident Management System (NIMS). Rancho Vista personnel designated to carry out specific emergency responsibilities are expected to understand the policies, procedures and system. Training and exercises are ongoing components of the plan.

The Plan is reviewed and updated annually by the principal, staff, and district personnel. Drills and exercises are conducted annually. Copies of the Plan are distributed to Rancho Vista employees, the district office, and other entities as appropriate.

There is always the possibility that an emergency or disaster may occur when classes are not in session or when Rancho Vista is being used for extended before/after school activities. While the structure of the plan remains the same, the management system may expand or contract depending on the emergency and availability of personnel.

Rancho Vista employees understand that the school's primary role in an emergency is to care for the safety and welfare of children for the duration of the emergency. Staff recognizes that the school site may be on its own (without outside resources) for up to 72 hours. Should an emergency/disaster occur during school hours, Rancho Vista will shelter students who are not picked up by parents or authorized persons listed on the Emergency Information Card for up to 72 hours. This is district policy. There is also the possibility that the American Red Cross may use Rancho Vista as a community shelter. Rancho Vista will keep students in the safest location on the school campus until they can be safely reunited with their families. The Principal will relocate students to an alternate site when required by law enforcement or when it is unsafe to remain on campus.

A disaster container with some emergency food, water, supplies and equipment is located in the center of campus. Contents will be inventoried and replenished as necessary. Additionally, each classroom is equipped with some emergency supplies and class lists.

The principal and faculty will inform students about emergency procedures. All employees will make every effort to use appropriate procedures while providing students with direction and guidance, which emphasize their physical and psychological well-being.

All district faculty and staff have received active shooter training called Run- Hide-Fight.

All District school sites have implemented a Visitor Management System called Raptor, to increase safety and security measures on campus. The Raptor Visitor Management school security system screens for sex offenders, alerts staff of custody violations, and provides districtwide reporting for all visitors.

All District school sites and offices have at least one Automatic External Defibrillator (AED) on campus.

All District school sites have a tactical response plan in place. Special consideration has been given to emergency procedures with regard to students with disabilities.

The District works collaboratively with local fire, police, sheriff, and EMS (LA County and Palos Verdes Estates) to ensure the safety of staff and students.

Procedures for Notifying Teachers about Dangerous Pupil

In order to fulfill the requirements made by Education Code 49079 and Welfare and Institutions Code 827 that state teachers must be notified of the reason(s) a student has been suspended. The Palos Verdes Peninsula Unified School District has incorporated this notification into the existing "Attendance Reporting screen". On the daily attendance report, when a student is suspended, will show an "SSA" next to the student's name. The teacher can access the suspension by looking at the student's discipline screen. The information provided is for the student's current teachers only. All information regarding suspension and expulsion is **CONFIDENTIAL**, is not to be shared with any student(s) or parent(s). Teachers are asked to secure the list so students and others may not view it.

Pursuant to Welfare & Institution Code 827(b) and Education Code 48267, the Court notifies the Superintendent of the Palos Verdes Peninsula Unified School District regarding students who have engaged in certain criminal conduct. This information is forwarded to the site Principal. The site Principal is responsible for prompt notification of the student's teachers. Per Education Code 49079, this information must be kept confidential. This information is also forwarded to all administrators and the student's counselor.

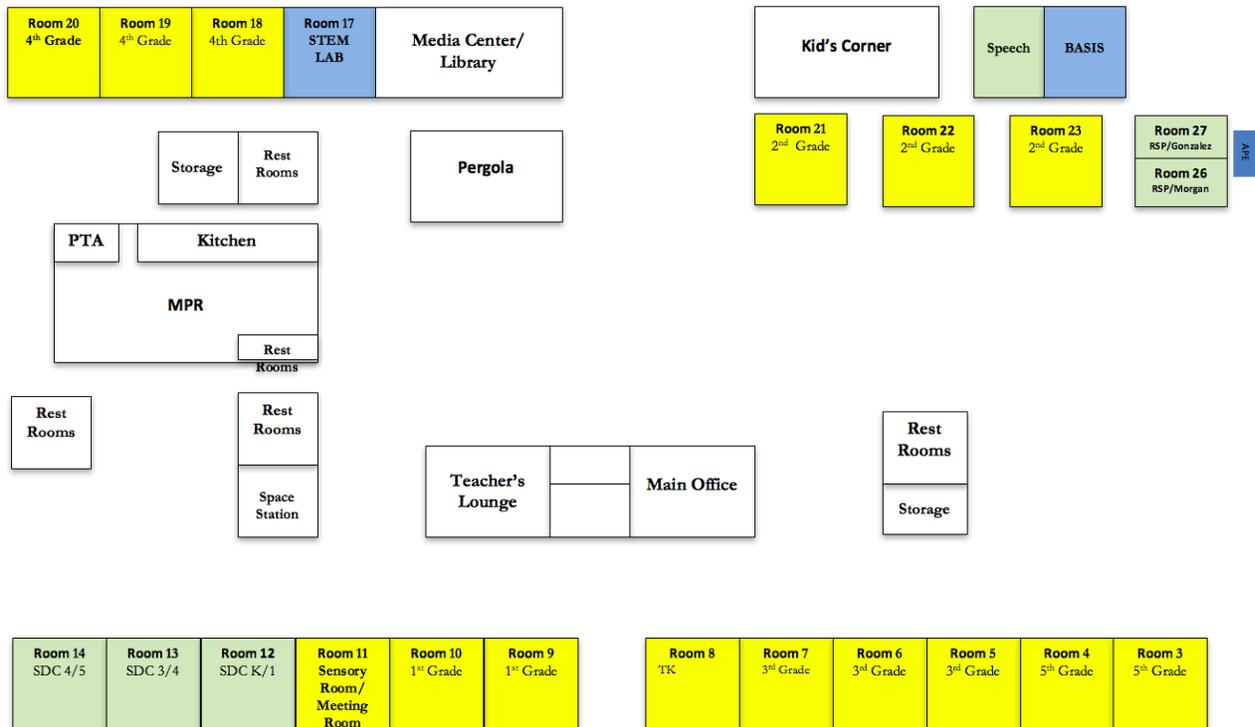

Procedures for Safe Ingress and Egress from School

Students walking to school should use the path along Palos Verdes Drive North. Before and after school, a crossing guard and sheriff's deputy are posted across from the school on Palos Verdes Drive North to provide safe passage on the cross walk.

Rancho Vista is located on Moccasin Lane which is a dead end street. This makes for a challenging traffic situation. To alleviate this problem, Rancho Vista has staggered dismissal by grade level. There are also two circles used for drop off and pick-up, which are utilized for specific grade levels to spread out the traffic at pick up. A new traffic flow and rules were implemented at the beginning of the 2013-14 school year. These procedures have helped alleviate congestion and improved flow.

School district programs such as PV Kids' Corner (a child care program located on campus) and afterschool enrichment programs provide safe activities for students to participate in both before and after school.

In the event of an emergency during the school day, the National Incident Management Plan (NIMS) outlines the procedure and routes to exit campus. A map is posted in each classroom with primary and secondary routes in the event of an evacuation.
