

Talk Local @ The LOKal is hosted by Green Country Technology Center's Small Business Services and has been Okmulgee County's hub for entrepreneurs and small business since June 2017.

Talk Local offers a free weekly opportunity for collaboration over coffee and casual, honest conversations with others in Okmulgee county's entrepreneurial and small business ecosystem.

Experience the energy of organic business networking and community with a featured 10-minute story each week from an entrepreneur, small business owner, or just someone with an idea or dream, seeking input and validation.

Talk Local @ The LOKal is hosted each Wednesday morning by GCTC's Margaret Hess, between 7:30-8:30am at The LOKal coffee shop, 212 E. 6th in Downtown Okmulgee.

Join us weekly for conversation, collaboration and the creation of our entrepreneurial community on Wednesday, mornings 7:30-8:30am.

Jump start your Wednesday each week with Talk Local @ The LOKal.
